Miscellaneous.

SCHOONER RALPH CAMPBELL.—The wrecking tug George W. Wood, Captain Wm. Crawford, departed last evening to go to the relief of the schooner Ralph Campbell, ashore in Georgian Bay, about five miles northwest of Giant's Tomb. She is freighted with lumber for this city.

ARRIVAL OF THE SCHOONER SALLIE.—This vessel, which went ashore at Big Bay Nugget, at the entrance of Green Bay, several days since, made this port on Thursday night, in tow of the tug G. W. Wood. Captain Cole informs us that a hole was stove in her bottom either from running upon some sunken rocks or by drifting on her anchor. As soon as her cargo of 3/6 cedar posts is discharged she will be placed in Miller Bros.' dry dock for repairs.

ASHORE.—We learn that the scow Union, of Chicago, was beached on Sunday night last, about half a mile north of South Haven Pier. She will be got off without material damage.

SCHOONER PORTLAND.—By a letter received here yesterday, we learn that the wrecking steamer Magnet arrived at Detroit on Thursday with the outfit belonging to this vessel. The Portland, at the time of the disaster, was bound for this city, with a cargo of 3,600 barrels of salt from Saginaw, which we understand was uninsured. The hull was insured for $16,000 in New York companies.

VESSEL IN TROUBLE.—Captain Becker, of the schooner J. B. Penfield, which reached here yesterday from Buffalo, reports that on the 12th instant he saw a topsail-gallant schooner ashore inside of Point Waugoshance, and on the 11th saw small fore-and-aft schooner come to anchor under Mackinac Point, apparently in a water-logged condition.

FURTHER FROM THE SCHOONER W. B. HIBBARD.—Despatches were received here yesterday afternoon stating that this vessel had gone ashore at Southampton, a point about fifty miles above St. Clair, on Lake Huron. The Hibbard, as we learn from the agents, cleared from Chicago on the 29th of October, with 14,000 bushels of No. 1 spring wheat, and was bound for Buffalo. She is a vessel of 294 tons burden, being built in 1858, at Buffalo, by F. N. Jones, Esq., classed B 1, was valued at $9,000 in gold, and was owned by Chesebrough & Co. Her cargo was insured for $26,000 in the following companies: Security, Western, Merchants, Traders, Equitable and Ætna.

PORT OF BUFFALO.—Arrived from Chicago on the 13th inst.: Barks City of Chicago and Annie Sherwood. The propellers Roanoke, Galena, Merchant, bark Erastus Corning, and schooner H. L. Whitman, cleared the same day.

SCHOONER REPUBLIC.—By a telegram from Toledo, Ohio, we learn that the schooner Republic went ashore a few days since at Mackinac Point. The Republic is loaded with 11,290 bushels of wheat for Toledo, and cleared from Chicago on the 9th inst. This is in all probability the vessel which Captain Becker, of the schooner J. B. Penfield, saw go [illegible] on his upward passage.

A T THE CAPE OF GOOD HOPE

The Hottentots HAVE LONG USED

B U C H U

For a variety of diseases.

It was borrowed from these rude practitioners by the English and Dutch physicians, on whose recommendation it was employed in Europe and has

NOW COME INTO GENERAL USE.

It is given chiefly in

Gravel, Chronic Catarrh of the Bladder, Morbid Irritation of the Bladder and Urethra, for Female Weakness and Debility, for Prolapsus and Bearing Down, or Prolapsus Uteri,

DISEASES OF THE

Prostate Gland, Retention or Incontinence of Urine,

And all diseases requiring the aid of a diuretic, arising from a loss of tone in the parts concerned in its evacuation. It is also recommended in cases of

DYSPEPSIA,

Chronic Rheumatism, Cutaneous Affections and Dropsy.

To cure these diseases we must bring into action the muscles which are engaged in their various functions.

TO NEGLECT THEM,

However slight may be the attack,

Is sure to affect the bodily Health and Mental Powers.

Our FLESH and BLOOD are supported from these sources. Persons at every period of life, from

Infancy to Old Age,

And in every state of health, are liable to be subjects of these diseases. The causes in many instances are unknown. The patient has, however, an admirable remedy in

HELMBOLD'S

Fluid Extract of Buchu,

And when taken in early stages of the disease,

NONE SUFFER TO ANY EXTENT.

It allays pain and inflammation, is free from all injurious properties, pleasant in its taste and odor, and immediate in its action. It is the anchor of hope to the physician, and was always so esteemed by the late lamented Dr. Physic. The proprietor, with upwards of

THIRTY THOUSAND

UNSOLICITED CERTIFICATES

And hundreds of thousands of living witnesses of its curative properties, accumulated within fifteen years,

Has not been in the Habit of Resorting to their Publication.

He does not do this from the fact that his remedies rank as standard;

I have made a chemical analysis of the preparation for the teeth known as "Sozodont," for Messrs. Hall & Ruckel, the object of the analysis being to ascertain whether it contains substances detrimental to the teeth or gums.

An impartial sample of the "Sozodont" was purchased by me, personally, from a leading drug house of this city, and carefully analyzed for acids or other corrosive or injurious ingredients likely to have a detrimental action on the teeth or gums, but nothing of an objectionable character was found in its composition.

THE TEMPLE CHOIR,

A Collection of Sacred and Secular Music,

Comprising a great variety of Tunes, Anthems, Glees, Elementary Exercises and Social Songs, for the Choir, Singing School and Social Circle.

By THEODORE F. SEWARD, Assisted by Dr. LOWELL MASON and WILLIAM B. BRADBURY.

Price, $1.50 each; $13.50 per dozen.

This new book, first published only a few weeks since, has already reached its twentieth thousand, and proves the

MOST POPULAR WORK OF ITS CLASS

Published in this country for many years. Every one likes it. Teachers and Leaders of Choirs say it is entirely interesting, attractive and practical—the best book for many years.

It is the first book in which Dr. Mason and Mr. Bradbury have ever been associated as editors, and contains their most recent compositions and arrangements. Many other prominent authors have contributed freely to its pages, and it probably represents a greater number of popular composers than any other similar work. Its variety of new music, tunes of all metres, anthems and set pieces (in which it is rich), with songs and exercises for singing schools, and new glees for choir practice, is thus remarkable. But the choice old tunes, which are a necessity for both choirs and singing schools, are not omitted. The large size of the book, and its ample contents, make it possible to include these.

THE TEMPLE CHOIR is a thoroughly pleasing and useful book.

To facilitate examination, we will send a single copy by mail, postpaid, to any teacher of music or leader of a choir, on receipt of one dollar.

ACROSS THE SIERRA NEVADAS.

THE CENTRAL PACIFIC RAILROAD,

The Western Half OF THE GREAT NATIONAL TRUNK LINE Across the Continent,

Being constructed with the aid and supervision of the UNITED STATES GOVERNMENT, is destined to be one of the most important lines of communication in the world, as it is the only line between the Pacific Coast and the Great Interior Basin, over which the immense Overland travel must pass, and the

Principal Portion of the Main Stem Line between the two Oceans.

Its line extends from Sacramento, on the tidal waters of the Pacific, eastward across the richest and most populous parts of California, Nevada and Utah, contiguous to all the great Mining Regions of the Far West, and will meet the eastern portion of the road building east of the Rocky Mountains. About 150 miles are now built, and equipped in running operation, to the summit of the Sierra Nevada. Within a few days 35 miles, now graded, will be added, and the track carried entirely across the mountains to a point in the Great Salt Lake Valley, whence further progress will be easy and rapid. Iron, materials and equipment are ready at hand for 300 miles of road, and 10,000 men are employed in the construction.

The earnings for the quarter ending August 31 are as follows, IN GOLD:

Gross Earnings.	Operating Expenses.	Net Earnings.
$487,579.64	$86,548.47	$401,031.17

This is at the rate of two millions per annum, of which more than three-fourths are net profit on less than 150 miles worked. This is upon the actual, legitimate traffic of the road, with its terminus in the mountains, and with only the normal traffic of Government transportation, and is exclusive of the materials carried for the further construction of the road.

The Company's Interest liabilities during the same period were less than $125,000.

Add to this an ever-increasing through traffic and the proportion of the future business become immense.

The Company are authorized to continue their line eastward until it shall meet and connect with the roads now building east of the Rocky Mountain ranges. Assuming that they will build and control half the entire distance between San Francisco and the Missouri River, as now seems probable, the United States will have invested in the completion of 863 miles $28,594,000, or at the average rate of $33,000 per mile—not including an absolute grant of 10,000,000 acres of the public lands. By becoming a joint investor in the magnificent enterprise, and by waiving the first lien in favor of the First Mortgage Bondholders, THE GENERAL GOVERNMENT, IN EFFECT, INVITES THE CO-OPERATION OF PRIVATE CAPITALISTS, and has carefully guarded their interests against all ordinary contingencies.

The Company offer for sale through us, their First Mortgage Thirty-Year Six Per Cent Coupon Bonds,

Principal and Interest Payable in Gold Coin,

in New York city. They are in sums of $1,000 each, with semi-annual gold coupons attached, and are selling for the present at 95 per cent and accrued interest from July 1st added, in currency, at which rate they yield nearly

Nine Per Cent upon the Investment.

These Bonds, authorized by act of Congress, are issued only as the work progresses, and to the same amount only as the bonds granted by the Government; and represent in all cases the first lien upon a completed, equipped and productive railroad, in which have been invested Government subsidies, Stock subscriptions, donations, surplus earnings, etc., and which is worth more than three times the amount of First Mortgage Bonds which can be issued upon it.

The Central Pacific First Mortgage Bonds have all the assurances, sanctions and guarantees of the Pacific Railroad Act of Congress, and have in addition several noticeable advantages over all other classes of railroad bonds.

First—They are the superior lien upon altogether the most vital and valuable portion of the through line.

Second—Besides the fullest benefit of the Government subsidy, which is a subordinate lien, the road receives the bequest of large donations from California.

Third—Fully half the whole cost of grading 150 miles eastward of San Francisco is overcome upon the 150 miles now about completed.

Fourth—A local business already yielding threefold the annual interest liabilities, with advantageous rates payable in coin.

Fifth—The principal as well as the interest of the Bonds to be payable in coin, upon a legally binding agreement.

Having carefully investigated the resources and prospects of the Road, and the management of the Company's affairs, we cordially recommend these Bonds to Trustees, Executors, Institutions, and others, as an eminently sound, reliable and remunerative form of permanent investment.

[illegible] New York [illegible]

[illegible]

The Turkish Commission, which went to [illegible]

[illegible]

The conference proposed by the Emperor Napoleon for the settlement of the Roman question seems to be attended with difficulties and drawbacks. The Pope, it is said, objects to any conference whatever, and the powers which have been invited to participate are divided on the question of the necessity of the conference. Spain regarded to be the only power that stands out [illegible] the temporal power of the Pope in any event.

The question "how to relieve Broadway," New York, seems to have found a solution. The paving of Mercer street with Nicolson pavement [illegible] a relief to the Broadway crush of vehicles [illegible] streets parallel with Broadway with Nicolson," leaving the stone nuisance on Broadway, and the solution of the vexed question "how can Broadway be relieved" will be answered.

It is proposed to have the central eastern portion of the capitol extended forward until the same shall be on a line with those of the Senate and House wings. The room between the new and the present rotunda will be for the use of the Court of Claims, and other conveniences to be gained. It is proposed to build the new eastern portico of marble, like the extensions, the present eastern portico being built of Virginia sandstone, painted white. The cost will be about $[illegible].

An old statute has been discovered in New York which prohibits any railroad not incorporated by the laws of that State from opening offices for selling tickets within the Empire State, under a heavy penalty. [illegible]
